*Accomplished  
Outdoors*

Lawrence's largest selection  
of quality landscaping materials

**Pine Landscape Look Book**

At Pine Landscape Center, we're confident that our solid selection of products can help take your raw vision and turn it into a real accomplishment.

We've crafted an inventory of products based on our many years of experience, so you get to choose from the best materials and accessories available. Beauty is our passion, but we're also partial to quality that lasts. If you can dream it, we can help you make it real and at a cost that's realistic, too.

NOTE: Pine Landscape Center has worked hard to provide the most accurate photographs of our products. However, every rock and scoop of mulch has its own character, and variety is to be expected when working with natural materials—that only adds to the beauty.

## **Pine Landscape Center measures materials in yards. We also measure success in yards.**

Because we're a family company who takes pride in our accomplishments, we understand that your outdoor project needs are unique to your family/business. We provide a unique selection of materials at a competitive price point and our friendly, knowledgeable staff is on board to match services and materials to your project with the care we'd give to our own lawns, gardens, and patios.

When you start with Pine Landscape Center, all the right pieces are at hand so you can dig in and accomplish your vision. That means more time for bringing people together to relax and make memories in a beautiful, comfortable setting. That's what we want for our families, too. And that's why Pine Landscape Center's products and services are yards above.

# Affordable & Reliable Delivery

You can trust our rugged flat bed or dump bed trailer to deliver what you need, right when and where you need it.

Pine Landscape Center offers a variety of delivery options to get the bulk products we carry from our yard to yours. We can haul several products at once with bullseye bins or a combination of bins, bulk bags, and pallets. Need large quantities delivered? We have a solution for that too! Our dump bed trailer can drop product at your door so you can dig in and get the job done. Scheduling a delivery is just a phone call away!

## Off-roading is a fun thing to do, but not so much on the job!

The last thing we want to do is leave evidence of our delivery truck's visit at your project site. We do not leave hard surfaces with our delivery trucks. Our forklift is the only wheeled vehicle that we can navigate through your job site. If you're unsure what delivery options will work for your site, give us a call and we can talk through the logistics of your order.

# Navigating The Yard

## Load Up or Pick Up

When you're outfitted to pick up materials in your own trusty vehicle, we can lend a hand. Our wheel loader can dump whatever product you desire into your truck or trailer. Need smaller quantities? Bring a shovel, or borrow one of ours... fill your buckets or try out one of our tote bags. Hand-picking can be half the fun!

## PICKING UP WEIGHTED PRODUCTS

*Any type of product other than mulch, sod, compost, or manufactured block requires a bit of legwork. Here's how to get it done:*

---

Stop on the scale in front of our office so we can weigh your vehicle.

---

Tell us what you are planning to purchase, either via the scale's speaker system, or by pulling off the scale and coming inside.

---

Drive over to the supply yard and have our loader operator get you outfitted with what you need.

---

Return to the scale for a final weight; then pull off the scale and come inside to complete your purchase!

# Boulders

Need a focus for your landscape? Take a look at the personality these naturally formed boulders have and how they will enhance your spaces.

Weathered Limestone

Rustic

Mossy Mountain

South Dakota Glacier

Glacial

Colorado River

Creek Rock

Ashland

Cobalt Black Granite

# Natural Wall

The use of natural wall adds detail and design, giving a home a unique look that sets it apart. Size variations give additional character to the product.

Weathered Fieldstone

Longhorn Ridge 4" x 6" Chop

Blackhills Rustic Builders

Blackhills Rustic Wall

EW Gold Random Wall

6" Wall Block

9" Wall Block

14" Wall Block

# Flagstone

Patios and walkways, landings and stepping stones - your imagination is the limit on how flagstone can improve your project's look and feel.

Consider combining large premium slabs with smaller patio sizes, or selecting two or three different flagstone varieties and colors to maximize the overall effect of your project.

Kansas Flagstone 2" - 3"

Colorado Red Patio 1" - 1 1/2"

Blackhills Rustic 1 1/2" & 2 1/2"  
Patio & Premium

Longhorn Ridge 1 1/2" & 2 1/2"  
Patio & Premium

Longhorn Ridge Squares & Recs

Blue-Brown 1 1/2" & 2 1/2"  
Patio & Premium

Lanavac Gray 1 1/2" & 2 1/2"  
Patio & Premium

Silverdale Sawn

# Drystack & Stair Treads

Are retaining walls needed in your landscape project? The clean lines of dimensional stone, available in tumbled or non-tumbled, will build a great retaining wall and can be a little easier to work with than natural wall materials.

Silverdale 5" x 9"

Silverdale 3 1/2" x 8"

Cottonwood Tumbled 5" x 9"

Cottonwood Tumbled  
3 1/2" x 8"

Nothing evokes more strength into a landscape than stone stairs. A great alternative to concrete and one that offers structure, durability, performance, and natural beauty.

Blackhills Rustic Machine Cut

Blackhills Rustic Natural

Cottonwood

# Decorative Gravel

Colorful decorative gravels have many uses, from ground cover and paths to dry creek beds. Choose a color you love to accent your landscape and give your beds a facelift.

Kansas Pea Gravel

Kansas River Rock 1 1/2"

Kansas River Rock 2" - 4"

Oklahoma Aztec Pea Gravel

Missouri Rainbow 1"

Missouri Rainbow 2"

# Decorative Gravel

Need a low maintenance yard? Decorative gravel may be the right choice for you. When combined with landscape fabric, it effectively blocks weeds and gives your landscape an entirely new look.

Sand Sage River Rock 1 1/2"

Red Cherokee 1 1/2"

Meramec 1 1/2"

Meramec 3"

Colorado River Rock 1 1/2"

Colorado River Rock 2" x 4"

Colorado River Rock 4" x 8"

# Stone Edging

Stone makes an excellent, long-lasting choice in edging material. Using stone edging can provide that feel of quality and add that natural aesthetic beauty to your landscape.

Longhorn Ridge  
4 x 4 Edging

Silverdale  
3 1/2" x 4"

Cottonwood Tumbled  
3 1/2" x 4"

Blackhills Rustic Edging

Colorado Red Strip

# Specialty Rock

Looking for a unique rock to add a special touch to your landscape? From water gardens to rock walls, think outside the box on how specialty rock can make your project a one-of-a-kind design.

Kewanee Creek Flats  
1-2" x 4-7"

Kewanee Creek Flats  
1-3" x 4-12"

Mexican Beach Pebbles

Mini Moss Boulders

Carmel Creek Cobbles 1" - 3"

Cobalt Black Granite  
Cobbles 2" - 8"

# Construction Gravel

These basic gravel materials can be used for a variety of applications. From building a driveway or laying a base for a patio, to filling up the kid's sand box, these materials come in handy for many different projects.

3/4" Washed Rock

1 1/2" Washed Rock

3" - 6" Ditch Rock

AB3

Pit Fines

Clean Fill Sand

Masonry Sand

# Manufactured Block

Manufactured block is a versatile product that can be used in any type of setting. From wall block and pavers, to coping and stair treads, any project can be constructed with manufactured elements.

We represent a multitude of vendors, including but not limited to Belgard, Capitol Concrete, Midwest Block, and Unilock. We are able to supply any product that these vendors manufacture.

# Manufactured Block

With endless styles, shapes, colors, and textures available, using manufactured block is an exceptional way to extend your interior decorating style to your outdoor living spaces.

Whether you desire a more contemporary look or some old world charm, we supply quality products that have been created using the latest technology.

**Nature's Finest  
Compost**  
food waste compost

**Sandy Loam**  
river bottom soil

**SOD.** Fresh cut fescue and bluegrass sod rolls are available for pick up as well as delivery (must purchase one full pallet or more to qualify for delivery).

Water, mow, and fertilize as needed after installation to promote a healthy, green carpet of grass that requires very little maintenance.

Small roll size is 2 ft x 4 1/2 ft, which equals 9 sq ft (1 sq yd). One pallet holds 50 rolls, weighs approximately 1500 pounds, and covers 450 sq ft.

## GRASS SEED

- Tri Star (25 lb bag & 50 lb bag): Tall, thin blade, three-way blend of turf type fescue.
- Landscapers Mix (50 lb bag): Turf type fescue seed with 30% annual rye.

## FERTILIZER

# Through-the-Year Synthetic Lawn Care Program\*

# 1

Fertilizer with Dimension

**Apply up to May 1**

- Small particles allow it to spread better and have better coverage
- Apply any time up to May 1; the later the application the more need for watering in the product within two days of application

# 2

Fertilizer with Lockup

**Apply after May 1**

- Controls henbit, chickweed, clover and dandelions
- Apply starting May 1 or two weeks after you see the first yellow dandelion

# 3

Fertilizer with Merit

**Apply late June thru July**

- Controls grubs
- Apply late June through July and water in within 7 days of application

# 4

Fertilizer with Iron

**Apply late August to September**

- Contains Iron Sulfate - form of iron to prevent concrete stains
- Stimulates rich grass coloring
- Apply late August to early September

# 5

Fertilizer with Lockup

**Apply late September or October**

- Controls henbit, chickweed, clover and dandelions
- Apply late September or October

\* This program can be modified to a 3-Step program using steps 1, 2 & 5 above, following the same time table given for each application.

# Steel Edging & Hardscape Accessories

**MANUFACTURED STEEL EDGING.** Gain a clean cut, professional appearance. Steel edging is easy to install and is practically indestructible.

## In Stock Steel Edging Items:

- Versa Lok Pins

# Landscape Accessories

## LANDSCAPE FABRIC

For use under landscape beds, gardens, and decks, our landscape fabrics are made with both woven and non-woven polypropylene fabrics which give them the strength of a woven with the permittivity of a non-woven. Needle-punched together with plant lines every 12 inches for easy plant alignment.

### In Stock Items:

- 20 Year 3 x 50 Premium Landscape Fabric
- 25 Year Bulk 4 x 250 Premium Landscape Fabric
- 25 Year Bulk 6 x 250 Premium Landscape Fabric
- Anchor Pins / Sod Pins (20 pack or box of 1000)

## EROSION CONTROL

SiltSoxx™ is the original mesh tube filled with FilterMedia™. It stops silt and sediment from leaving the jobsite. Straw Blankets are a temporary control product designed to address erosion control and stabilization around hills, slopes, banks, and wetlands.

### In Stock Items:

- Silt Soxx (8 inches x 160 feet)
- Silt Soxx (8 inches x 10 feet)
- Straw Blanket, Single Sided (100 sq yds)
- Straw Bales, Small Square

Listen.  
Design.  
Inspire.

**Architect  
One**

A major addition was done to the existing building that includes a large sanctuary, educational space, a Grand Entry Hall and numerous collaborative and support spaces on a beautiful site. The end result is a striking modern facility that has assisted the church in increasing attendance by 40% in less than one year.

# Useful Estimate Guides

## MULCH

Calculate how many square feet of coverage you need, then use the following chart:

### One Cubic Yard will Cover:

Depth	Approx Sq Ft Coverage
1"	324
2"	162
3"	108

## TOPSOIL

Cubic Yards Formula (1 yd = 1.15 ton)

$L \text{ (ft)} \times W \text{ (ft)} \times D \text{ (ft)} / 27 = \text{cubic yards}$

### One Cubic Yard Covers Approx.

108 Square Feet @ 3" Deep  
80 Square Feet @ 4" Deep  
65 Square Feet @ 5" Deep  
54 Square Feet @ 6" Deep

## SOD

**$L \times W / 9 = \text{yards (rolls)}$**

Roll Size = 2' x 4' 6" = 1 sq yard

1 pallet = 50 rolls weighing 1500 lbs

1 pallet covers 50 sq yds or 450 sq ft

## AGGREGATES

**$L \times W \times D / 27$**

then **x** conversion factor

1 1/2" Wash = 1.8

AB3 = 1.7

3/4" Wash = 1.6

Sand = 1.35

Pea Gravel = 1.4
